GRAND JURY OPENS PROBE INTO DEATH OF INNOCENT MAN

TWO FEDERAL PROHIBITION AGENTS CHARGED WITH KILLING M. MCLOTHLIN

WASHINGTON, April 11.—(P)—The prohibition director, Amos W. W. Woodcock, said today he would not suspend two federal agents accused of killing a man of Dallas, Texas, until or unless he received evidence the act was not in self defense.

The accused agents are Laurence C. Smith and Nathaniel D. Heaton, and the man fatally shot was M. C. Woodcock.

"I don't know," Woodcock said, "whether the shooting was justified or not; but our deputy Claude Cooper and his men have made arrests in 1,312 cases without hurting anybody and they have seized 537 automobiles. To arrest many Texans without hurting anybody shows some restraint and skill."

Nobody hates to see anybody hurt in enforcement more than I do, not only for sentimental but for practical reasons, but a prohibition agent has as much right to protect himself as anybody."

DALLAS, April 11.—(P)—A grand jury investigation was launched today into the liquor rendezvous shooting which resulted in the slaying of Marion McGlothlin and the wounding of his wife at the filling station store Friday night near Irving. Two federal prohibition agents, L. S. Smith and N. D. Heaton, have been charged with murder and assault with intent to murder.

The shooting affray climaxed a liquor deal the officers had tried to make with Lester Cox, who lives on the highway about four miles from the McGlothlin store. The officers called at the Cox residence and attempted to buy some liquor. Cox allegedly told them he had none, but thought he could get some. He asserted they could not meet him a short time later at the McGlothlin store, where delivery would be made.

The McGlothlins, who had no connection whatever with the deal or with the liquor traffic, had no intimation of what was occurring when the two officers and Mr. and Mrs. Cox entered the store later. Cox informed the officers he was unable to supply the liquor. The prohibition agents then tried to arrest Cox and his wife. Mrs. Cox scuffled with the officers when they attempted to force her into an automobile. Cox managed to escape.

Mrs. McGlothlin, in the belief the agents were robbing the store, later found that the shotgun was fired once, the charge going wild. District Attorney William McCraw, who was conducting the prosecution against the agents, asserted his belief that "the honest, law-abiding, peaceful citizen had been ruthlessly murdered."

REPUBLICAN PARTY PRECINCT-COUNTY CONVENTION DATES

Dates for the precinct and county conventions of the Republican party in Navarro county were announced Saturday by Mose Blumrosen, county chairman. Precinct convention will be held at 2 o'clock, May 7 at 2 o'clock, and the county convention will be held at the city hall Tuesday, May 10, at 2 o'clock.

The chairman's statement announced that the precinct conventions would be open to all qualified voters, regardless of previous political affiliation, who believe in the principles of the Republican party and who will support in good faith the nominees of the national convention.

The precinct meetings will elect delegates to the county meeting and the county convention will name delegates to the state convention to be held at Mineral Wells on May 24, at which delegates to the Chicago convention will be held.

Precinct chairmen were named as follows:

Precinct 1—Roy Canady, Jr., Corsicana; Precinct 2, R. H. Conner, Dawson; Precinct 3, J. H. Shirley, Kerens; Precinct 4, J. H. Holland, Rice; Precinct 5, F. C. Butler, Purdon; Precinct 6, Mrs. Jimmie Brown, Richland; Precinct 7, M. A. Berry, Baytown.

The convention calls were signed by M. Blumrosen and John Becton, county chairman, and county secretary.

Farmer Independents Have Annexed Trio Of Baseball Games

The Farmer Independent baseball club defeated Drane Sunday afternoon, 8-7.

Both clubs played an excellent game in spite of the high wind.

With this victory, the Farmer team has won three contests this season without a loss. The club defeated Oak Valley 4-1, and Waco Creek 18-0 last Sunday.

Anyone desiring a game with Farmer can get in touch with G. W. Watkins, Corsicana route 2, or telephone Embouse 15F3.

CARD OF THANKS.

We, children of Mrs. W. E. Walker, wish to express our deepest and most sincere thanks for every kind word of sympathy and word of kindness during our recent bereavement in the loss of our dear mother and grandmother. May God's richest blessings abide with you forever.

Mrs. Minnie Beardslee, Charley Walker, Everett Walker, Harvey Walker, Grandchildren, Clara Williamson and Estelle Lerner.

WHEATSTONE FARM LOANS.

FAIRFIELD, April 9.—(Spl.)—The Wheatstone farm loans of the county board to pass on government loans reported that approximately one hundred applications have been made in Freestone county, and checks are being received and turned over to the applicants.

Bonus

(Continued from page 1.)

favoring paying the certificate in United States notes, though they were not agreed on the exact terms of a bill.

"Unless we can show that payment of the bonus will benefit the country and promote the general welfare," Patman declared, "we are not entitled to have this bill passed."

"If it will be the least bit detrimental to the general welfare, we are not entitled to have this bill passed."

"There are 750,000 able-bodied veterans out of work. There are 750,000 slightly disabled veterans who are out of work. Then there are 600,000 veterans working only one or two days a week."

There are only 600,000 certificate holders able to borrow who have not availed themselves of that opportunity. This indicates that four-fifths of the certificate holders need the money.

"The question is: Can the payments be used as a vehicle to bring money back to the country? We believe they can."

"We think a bond issue would be detrimental to the country and propose the issue on currency instead."

WASHINGTON, April 11.—(P)—The major offensive in the campaign to obtain immediate and full payment of the bonus opened today in congress. In the rooms of the house ways and means committee gathered sponsors and witnesses for the stupendous project which would involve approximately \$2,000,000,000 to veterans of the World War.

Every sign points to a tense struggle, perhaps the greatest yet in the history of congress, which already has been marked by notable controversy. The possibility that the issue may be settled in the end by the presidential veto power and by the will of congress to support or override that veto, has become strong.

Bonus payment advocates centered their efforts on the plan of Representative Wright Patman, the Texas Democrat, which involves issuance of new treasury notes to make the payment. Spokesmen argued that 95 percent of the rank and file of the veterans went and need the cash; they have contended further that the currency expansion, all they maintain to be secured by a normal gold reserve, would be a great relief to the country. They have showed exceedingly strong support in congress and assured strength to compel a vote on the legislation in the house. Even though the committee should refuse to approve it.

The issue has been foreseen since the end of the last session of congress, the one which voted, and the vetoed, the 60 percent loans to veterans on the paid up value of their certificates. Through-out last summer the administration gathered ammunition to resist the bill. The committee, however, has been largely successful in the opening of the present session, however, Patman started work, assisted by many veteran groups. Gradually their forces mustered strength until in the last few weeks a show of power alarmed the administration. Then President Hoover issued a strong statement, promising to veto the legislation if passed.

New Mexico Gets Land.

WASHINGTON, April 11.—(P)—A bill giving New Mexico land granted to the state in recent settlement of a dispute involving the Texas-New Mexico boundary line was passed today by the senate.

The acreage held by the court to be within New Mexico revealed the federal government and the bill proposes to patent it to the state. The bill was sponsored by the four senators of the state.

KIDNAPED CHICAGO DOCTOR BACK HOME; FOUND WRONG MAN

CHICAGO, April 11.—(P)—Object of a wide police hunt for two days, Dr. T. E. Budde, prominent North Shore physician, was home today and told the authorities he had been kidnapped by five alleged gangsters who apparently believed him to be a bootlegger marked for assassination.

Dr. Budde went home last night unannounced after having been missing since Saturday morning when he left his home to attend four persons injured in an automobile accident. A telephone call summoned him there.

After treating the injured, he told the police, he was returning home when a large sedan forced his car to the curb and five armed men compelled him to accompany them to what he believed was the suburban village of Cicero.

There, he said, his abductors removed bandages from his eyes and exclaimed: "You're not the man we wanted. We were laying for a bootlegger." They kept him in a liquor warehouse, he said, and set him free.

Many Visitors At Masonic Meeting

FAIRFIELD, April 9.—(Spl.)—Friday night the Fairfield Masonic lodge degree team expended the work in the M. M. degree and besides large attendance of local members about fifty visitors were present from lodges at Mexia, Wortham, Oakwood, Rockwell, Franklin, Crosby, Oak Cliff, Walnut Springs, Normangee, Dawson and Kirven.

Election Results Wortham Tuesday

WORTHAM, April 9.—(Spl.)—J. T. Drumwright was elected mayor in the city election here Tuesday, and C. K. Bounds, A. J. McGee and R. Q. Seely elected aldermen.

In the school trustee election, the following were elected: Oliver Burlison, Guy Lverett and I. B. McIntyre, all re-elections.

That Broken

Watches needs to go to Mitchell & McAttee's Jewelry Store.

SENATE COMMITTEE HEARING TAX PLEAS FROM FARM BODIES

LEVIES WOULD STRIKE HARD AT CONCENTRATED WEALTH IF ADOPTED

WASHINGTON, April 11.—(P)—The tax programs of three of the nation's major farm organizations railing for levies which would strike hard at concentrated wealth were pre-terted today to the senate finance committee.

Chester Gray, Washington representative of the American Farm Federation, sought surtaxes ranging upward to 65 percent on the income from tax exempt securities, along with a group of import taxes. He opposed a first class postage increase now in the bill.

Fred Breckenridge, Washington representative of the National Grange, proposed a 3 percent tax on the total revenues of electric power companies and on the value of natural and manufactured gas produced. He opposed the motor vehicle tax in the bill as had Gray.

Breckenridge approved the increased income and inheritance taxes and the gift impost voted by the house.

John A. Simpson of the Farmers' Union advocated "estate and gift taxes that will redistribute the wealth of the nation, urging they be placed 'at least as high as in the war days.'"

Hearing Held on Surtax Features

WASHINGTON, April 11.—(P)—A group of witnesses anxious to be heard on the high income and surtax rates provided in the billion-dollar revenue bill passed by the house, was given a hearing today by the senate's finance committee.

The committee, under Senator Smoot (R. Utah), already has heard serious criticism of some of the high rates on wealth contained in the measure. Secretary Mills led in urging changes.

Despite the great number of spokesmen to be heard in opposition to the bill's numerous severe imposts, the committee has agreed definitely to end hearings in two weeks.

With the exception of tariff levies, most controversy over the bill now apparent in the senate is over the surtaxes on highest incomes and the levy on all stock and bond sales. Leaders of both parties are hard at work on plans to putting the bill through with a minimum of delay.

Officers Named For Amusement Company Monday Morning

Directors and officers of the Corsicana Amusement Company were elected at the annual meeting of the stockholders held at the Chamber of Commerce Monday morning.

The company owns the Palace Theatre and it was announced following the meeting that efforts would be made to have the show reopened.

The following directors were named: J. N. Garlity, W. T. McElwee, W. M. Beck, Sr., R. L. Hamilton, H. O. Blanding and R. B. Molloy.

Officers were named as follows:

J. N. Garlity, president; W. T. McElwee, vice president; and John Murray McGee, secretary-treasurer.

Lindbergh

(Continued from page 1.)

he wanted it to be a "C. O. D." transaction.

Another meeting took place March 24 in the ghostly surroundings of a cemetery and the next day "Jafse" mentioned receipts of a package "accepted as the real article," and apparently containing some article by which to identify the baby.

The final agreement was that the money would be paid by Col. Breckenridge, that eight hours would elapse without word from the gang and then the message would be sent revealing the child's whereabouts.

Late on the night of April 1, Lindbergh, Breckenridge and a third man believed to have been John Fogarty, private detective, left in Lindbergh's car, carrying two black suitcases and heavy wraps. The money presumably was in the bags.

Money Delivered.

Just where they went is not known, the story related, but it said the money was believed to have been turned over to a representative of the kidnappers the following morning. That day the advertisement, "Yes, everything O. K.," appeared and was taken to mean the money had been paid.

The promised message came, saying the baby could be found on a boat off Cape Cod. April 3 and 4, Lindbergh, Breckenridge and a third man were seen flying in the vicinity of Martha's Vineyard. They were looking for a yacht named Sally or Nellie, but they did not find it.

Tuesday slipped by with no word and last Wednesday the climax was reached. Lindbergh's anguish the story said, was voiced in the advertisement: "What is wrong? Have you crossed me? Please better directions."

HOPEWELL, N. J., April 11.—(P)—The ransom is paid, but the baby of Col. Charles A. Lindbergh, if alive, remained in the hands of his kidnappers today.

Col. Lindbergh still hoped for eventual return of the child, however, and continued his private search, even after giving authorities the numbers of all the notes comprising the \$50,000 he paid as ransom.

Since the ransom was paid, "Jafse" notes have appeared in the paper reading: "What is wrong? Have you crossed me? Please better directions."

"Jafse," whose signature has been appended to several advertisements since the kidnapping 41 days ago, has been revealed as Dr. J. R. Condon, Sr., 72-year-old welfare worker and teacher.

At the same time it was learned from an authoritative source that Col. Lindbergh has received at least seven notes from the kidnappers other than the original ransom note which was left in the nursery and which demanded \$50,000. The notes, the source said, were sent first to Col. Henry Breckenridge, counsel for Col. Lindbergh in New York. They bore the markings of the original, raised the ransom to \$70,000 and the subsequent communications contained no other demands.

The date on which the ransom was paid was not disclosed, but the treasury notice to bankers asking notifications if any of the given serial numbers fell into their hands was dated April 6.

The morning bulletin today from the New Jersey state police reiterated the previous assertion that only the real kidnappers could have furnished the identification on which the ransom was paid.

The bulletin said also no further contacts with the kidnappers had been established and the "Jafse" had no foundation for the report that Col. Lindbergh had offered to replace the currency he paid with gold.

HOPEWELL, N. J., April 11.—(P)—The sign of the double cross flamed across the Lindbergh baby kidnapping case today.

Col. Charles A. Lindbergh has paid \$50,000 for his stolen child but the baby has not been returned.

The serial numbers of each bill are in the hands of bankers throughout the country. They have been requested to telegraph the treasurer of the United States if any of the bills—all of 1928 issue—come to their notice.

Col. Lindbergh, in another of rare statements he has authorized since the child was stolen March 1, made several moot points clear last night.

He disclosed definitely that there was an original ransom note, and that this note was such as to provide an absolute means of identifying the kidnappers.

He made clear that the parties to whom he paid \$50,000—in five, ten and twenty dollar banknotes—saw this month had been convinced they were bona fide representatives of the kidnappers, it not the kidnappers themselves.

He went further and reiterated the hope that kidnappers would make good their promise. It was even reported that Col. Lindbergh was willing to consider replacing the currency with gold coin, which carry no identification numbers.

Just where the representatives of the kidnappers were contacted was not announced. Today's daily news says the rendezvous for the payment of the ransom money was the Long Island Aviation Country Club at Hicksville, L. I., and that it took place a week ago Sunday.

Those Present.

The news says those present at the meeting with the kidnappers' representative were Col. Lindbergh, his close friend and adviser Col. Henry Breckenridge, John Fogarty (a private detective) and a representation of Dr. John F. Condon, Sr., the 72-year-old teacher and welfare worker who has been identified as the author of the "Jafse" advertisements which have appeared in New York papers. The "Jafse" advertisements have been used in an effort to negotiate with the abductors.

There appeared in papers today—as there has appeared for the past few days, this advertisement: "What is wrong? Have you crossed me? Please better directions." It was signed "Jafse."

Norfolk Men Amazed.

The three Norfolk, Va., "intermediaries" who have believed themselves in contact with the kidnappers, said they were "amazed" at the turn developments had taken. They said they had no knowledge in advance that the Colonel was negotiating with the men to whom the ransom was paid.

Col. H. Norman Schwarzkopf, head of the New Jersey state police, announced that the "Jafse" character "was taken into custody and was being questioned. In a statement he said:

"Early in the investigation, a noted character was reported to me as not having been seen since the kidnapping. An informant definitely connected with the crime, and this is one of the lines of investigation referred to in earlier bulletins."

Bills All of 1928 Series.

NEW YORK, April 11.—(P)—The \$50,000 paid by Col. Charles A. Lindbergh in an effort to buy off the kidnappers on his son is all in notes of the series of 1928.

The bills include United States notes of \$5 denomination, United States gold certificates of \$10 denomination, and United States gold certificates and federal reserve notes of \$20 denomination.

A complete list of the numbers of the bills has been sent to every national bank in the country.

Kidnappers' Trial Set.

KANSAS CITY, April 11.—(P)—Trials of four persons charged with the kidnapping of Mrs. Nell Donnelly were set today for May 2.

Defendants are Mrs. Ethel Dewey, wife of Martin Dewey, named by police as the principal in the kidnapping plot; Paul Scheidt, Bonner Springs, Kas., dairyman; Chas. Mele of Kansas City, and William Lacy Browning, Holliday, Kas., farmer.

Scheidt, alleged to have furnished the cottage in which the kidnappers held their victim more than 30 hours, was tried previously and the jury disagreed.

Texas Truck Law Goes Supreme Court

WASHINGTON, April 11.—(P)—The appeal of Ed Spoles and other owners of motor vehicles, challenging the validity of the Texas law regulating the size and load of commercial motor vehicles over the roads of the state, was entertained today by the supreme court and will be reviewed on its merits.

Escorted From County.

HARLAN, Ky., April 11.—(P)—A group of four men and two women from Anderson county, Ind., representatives of a weekly magazine published by the Church of God, were reported today to have been escorted out of Harlan county by a group of citizens yesterday.

Two of the group, Harry Weir and Joseph Schmidt, interviewed Sheriff John Henry Blair yesterday concerning conditions in the coal fields. Soon afterward, they were said to have been taken from the county.

Pedley Grounded By Bad Weather; Spent Night Here

Charles Pedley, former Corsicana pilot, now pilot on the Dallas-Galveston air-mail and passenger route, spent Saturday night in Corsicana, en route to Dallas from Waco, being forced down by bad weather. He was piloting a Fokker Super-Universal plane.

Pedley carried six sacks of mail and two passengers. The mail was left in the post office here late Saturday night, and taken on to Dallas at 5:30 Sunday morning.

More Building In And Near Fairfield; Three Residences

FAIRFIELD, April 9.—(Spl.)—Frank McDonald, manager of the Gulf station at the highway crossing in Fairfield is contemplating the erection of a brick veneer residence in West Fairfield.

Mrs. H. A. Looney, county treasurer has bought land on the highway near the reunion ground and will erect a cottage thereon.

Mr. and Mrs. Marion Willard are having a modern home built northeast of Fairfield.

Small Vote Cast Hubbard Election

HUBBARD, April 9.—Tom Pat was elected mayor of Hubbard at a municipal election held Tuesday and Ray Jarvis and Roy Lee Ferguson were elected commissioners. Only 72 votes were cast.

The final meeting of the old aldermanic form of city government was held Tuesday evening and the new officials have assumed office.

tlement of the reparations and war debts question, there were removal of the shackles on international trade; solution of the economic difficulties of Danubian and Balkan countries; revision of the peace treaties and an end to frequent international conferences.

The resolution added that Italy intends to insist on its proposals at Geneva until the end of the conference "to clear finally, in the face of this grave problem, the historical and political responsibility of individual states."

FASCISTS ADVANCE DEFINITE PROGRAM CANCEL WAR DEBTS

ROME, April 9.—(P)—Fascist Italy was before the world today with a definite, flat program for renunciation of reparations, cancellation of war debt and concrete disarmament.

The tri-partite program was decided on "the eve of the reconvening of the world disarmament conference and the League of Nations at Geneva Monday."

The grand council of Fascism announced its decision to support renunciation of reparations and cancellation of war debts after an all-night session on which Premier Mussolini presided. A settlement of the problem, its resolution declared, is the first step toward economic recovery of the world.

The disarmament program was contained in a long document sent to the offices of the world conference at Geneva. It struck at the German "pocket battleships," the 22,000 ton French cruisers and the battle fleets of England and the United States and proposed limiting all navies to the Italian standard of 10,000 ton cruisers.

The Fascist council's statement contained five principal recommendations for economic rehabilitation of the world. Besides set-

tlement of the reparations and war debts question, there were removal of the shackles on international trade; solution of the economic difficulties of Danubian and Balkan countries; revision of the peace treaties and an end to frequent international conferences.

The resolution added that Italy intends to insist on its proposals at Geneva until the end of the conference "to clear finally, in the face of this grave problem, the historical and political responsibility of individual states."

TARRANT COUNTY MAN SLAIN AND WIFE IS WOUNDED

TWO PROHIBITION AGENTS STATE MAN AND WIFE STARTED IRVING SHOOTING

DALLAS, April 9.—(AP)—Murder charges were filed today in state court against N. D. Heaton and L. C. Smith, federal prohibition agents, in connection with the shooting last night of Marion McGlothlin.

"I find that an honest, law-abiding, peaceful citizen has been ruthlessly murdered," said William McCraw, state district attorney, in a written statement he handed a reporter just prior to filing the formal charges of murder.

DALLAS, April 9.—(AP)—Marion McGlothlin, gasoline station proprietor, was dead today, the victim of a bullet fired by one of two prohibition agents, who were held under technical arrest, and Mrs. McGlothlin was in Baylor hospital under a technical arrest, alleged to have been shot by the other prohibition agent.

The double shooting climaxed a series of arrests and raids last night in which thirteen bootleggers were arrested when delivering liquor to a house to which they had been lured by the federal agents.

Details of the filling station shooting were fragmentary and conflicting.

The McGlothlins were known as honest citizens not connected in any way with violations of the prohibition law. Mrs. McGlothlin, 35, wife of Lester Cox, made statement to officers and newspaper men in which she said that the prohibition agents, L. C. Smith and N. D. Heaton, came to the Cox home, just over the Dallas county line, towards Fort Worth in Tarrant county, last night and requested liquor be sold them. Cox told them he had no liquor but might obtain some, Mrs. Cox said.

She quoted the federal agents as having replied that they would proceed to the "Cross Roads Filling Station" and await delivery of the liquor there.

Lester Cox went to the filling station, according to Mrs. Cox and Cox told them he had been unable to obtain liquor for them. The agents replied that they would hold Cox for an alleged violation of the law and tried to force the Coxes into an automobile.

Mrs. McGlothlin, not understanding the situation and fearing a robbery was taking place, went to the filling station counter, where she obtained a pistol. Simultaneously her husband moved to the other end of the counter and obtained a shotgun. Mrs. McGlothlin pointed the pistol but one of the agents was in turn and forced her to raise her hands, then firing at Mrs. McGlothlin's pistol, shooting it from her hand and also shooting off some fingers.

McGlothlin brought his shotgun to bear upon the agents and the other agent was said to have shot and killed him. McGlothlin's shotgun being discharged aimlessly upward as he fell back when shot.

During the shooting Cox escaped. The story of the shooting was placed together from what he told a brother, Mrs. Cox's statement and information obtained by sheriff's officers.

Mrs. Cox was brought to Dallas and held in custody until early this morning when she was released.

Refuse to Talk
Smith and Heaton refused to discuss the shootings, asserting it was against federal regulations for agents to give statements to the press.

William McCraw, state district attorney, interrogated the agents to the office lobby of the jail. He was overheard to ask them if they had a search warrant and the reply they had a warrant for the Cox place but none for McGlothlin's place.

McCraw also asked the agents if there had been any drinking. At the hospital it was said Mrs. McGlothlin's hand might have to be amputated. McGlothlin's body was pierced by three bullets.

Figured the Previous Case
During the trial of Kelly Hunt on a liquor charge at Wichita Falls, Texas, last fall, he testified he had bribed a federal prohibition agent upon information which he had purchased from the federal grand jury.

Investigated and exonerated both Heaton and the other agent of the charges made by Hunt, and indicted Hunt for perjury. He was sentenced to serve two years.

Arthur Crippen, district attorney, and Claud Cooper, deputy prohibition administrator for the northern district of Texas, conferred this morning and set about trying to arrange bail bond for Heaton and Smith. Crippen tried to obtain the agents' release upon their own recognizance but State District Attorney McCraw declined.

McCraw stated he intended to ask that the agents be held under heavy bonds.

Mrs. Ruby Cox's Statement
Mrs. Ruby Cox's statement, in part:

"The first I knew of the men being on the place was when the large man with the dark suit came into my house with my husband and offered me a quarter of a cup of coffee."

"I told him I had only an oil stove and it would take too long to get it going. He said he would take a drink of whiskey. There was a glass about two-thirds full of whiskey on the table and he took about half of it at a drink."

"He and my husband talked about whiskey and he said he wanted to buy a load. Lester told him there was no liquor on the place and that he might be able to get him some from another town. They went outside and Lester came back into the house and said he was going to see about the whiskey."

Fearing It Was Scheme
"I told Lester I was going with him because I was afraid it was a whiskey hijacking scheme and awakened my children and took them to my sister-in-law's home."

Courthouse News

District Court.

A temporary injunction has been granted by District Judge Hawkins Scarborough in the case of S. G. Gaudin vs. E. H. Newell, restraining and enjoining Sheriff Pevhouse from making a sale on an execution from justice court.

Commissioners' Court.

The regular meeting of the Navarro county commissioners' court is scheduled to be held Monday morning at 10 o'clock.

Probate Court.

The will of O. Inabnit, deceased, has been admitted to probate and Mrs. Fairy Clayton Inabnit has been appointed independent executor.

The will of Henry Singletary, deceased, has been probated and E. O. Blanding has been appointed executor.

The application for probate of the will of Caroline Martin has been filed in the probate court.

County Clerk's Office.

The following cases have been filed:

Commercial Standard Insurance Company vs. Euphemia Richey et al, appeal on award of industrial accident bond.

Commercial Standard Insurance Company vs. E. H. Newell et al, appeal on award of industrial accident bond.

The H. C. Gledman company, a corporation, vs. A. S. Gencov, et al, appeal on award of industrial accident bond.

Southern Wholesale Grocery company, a corporation, vs. R. G. Bounds, suit on notes.

Warranty Deeds.

Eleven warranty deeds were filed for record in the county clerk's office Friday to Navarro county on various highway projects in Consolidated Road District No. 1.

Sheriff's Office.

Fifteen witnesses have been summoned in Navarro county for the defense in the trial of Cal English, Tom Henry Armstrong and Sonny Miller, negroes, at Groesbeck on Wednesday on charges of murder.

The three negroes were given the death penalty on their trial last year in connection with the alleged throwing of a white boy named Hunter, from Tennessee, from a freight train in Limestone county after an altercation. The court of criminal appeals reversed the district court's decision when the cases were appealed.

The three negroes were tried and given long terms of years in the penitentiary in Navarro county in connection with the alleged attempt to wreck a Southern Railway passenger train north of Corsicana last year and also for alleged participation in a series of burglaries in Corsicana.

Marriage Licenses.

James Waffer and Eula V. Harris. Everett Toole and Mrs. Mary Briley.

Justice Court.

Two negroes entered pleas of guilty to charges of vagrancy in Judge Sam H. Jordan's court Friday afternoon.

Wortham Study

Club In Regular

Session Wednesday

WORTHAM, April 8.—(Sp.)—The Wortham Study club held its regular meeting Wednesday afternoon at the home of Mrs. George Stubbs, with Mrs. Stubbs and Miss Marv Grace Lott as co-hostesses. The home was lovely in its colorful decorations of red-bud, and the season's first blossoms of dogwood and bluebonnets.

"Famous Homes" was the program topic interestingly introduced by the leader, Mrs. J. J. Stubbs. An enjoyable portrayal of the following homes was given by the following:

"Dove Cottage" (Wadsworth) by Miss Rosson; "Hermilage" (Andrew Jackson) Miss Lott, substituting for Mrs. Leverett; "Mt. Vernon" Mrs. Gusie Weaver; "Monticello" (Jefferson) Mrs. George Stubbs substituting for Mrs. Riley; "Stratford-Avon" (Shakespeare) by Mrs. Van Hook Stubbs.

Mrs. Van Hook Stubbs was elected as the club's representative at the Bi-State Federated clubs, which meets in Teague April 9. Mrs. Joe Bates was elected as delegate for the district meeting which will convene in Jacksonville, April 15 and 16.

"Lester and I talked it over and decided there was something wrong with the man and drove down to the crossroads to Mr. McGlothlin's store. There were two men, the one who had been at the house and another one I had not seen."

"I heard Mrs. McGlothlin say something about showing a badge and one of the men turned to the car and told me to get back into the car. He told Mrs. McGlothlin and her husband he was going to take them with us."

"I went out and got into the car and in a few minutes the shooting started. There were several shots fired and my husband ran out and I have not seen him since."

Threatened to Shoot Again.

"Mrs. McGlothlin was screaming and her hand was bleeding. The man in the dark suit brought her out to the car and told her to stop her noise or he would shoot her again. He told me to keep her quiet or he would shoot me too."

"We remained around the station for an hour or more before they drove us to Irving (a village ten miles from Dallas) where they got a druggist to call a doctor and fix up Mrs. McGlothlin's hand."

"The man who came into my house was drunk and when he took a drink of whiskey it made him sick."

Mrs. Cox was under a doctor's treatment today for nervousness and shock.

The Dallas county grand jury adjourned today without having heard any testimony concerning the shooting.

RICE CITY ELECTION.

RICE, April 9.—T. D. Queen and D. M. Loop were re-elected aldermen of Rice at the city election held this week. Little interest was shown, only 26 votes being cast.

SLIGHT DAMAGE AT WORTHAM AND MEXIA SATURDAY MORNING

EARTH TREMORS ARE FELT WORTHAM TO GROESBECK; TEAGUE TO COOLIDGE

A slight subsurface disturbance is believed to have caused earth tremors noted shortly after 4 o'clock Saturday morning in Richland, Currie, Wortham, Coolidge, Mexia, Groesbeck and Teague, which aroused inhabitants of those communities but resulted in little damage.

The apparent center of the disturbance was between Wortham and Mexia, and these communities reported the heaviest shocks; a few brick chimneys were toppled at Wortham and similar damage was reported at Mexia. The tremor affected practically all of the area in a radius of about twelve miles of a point midway between Mexia and Wortham, with the more distant points noting a marked decrease in intensity.

No blasting operations are underway in any part of the section according to a check made Saturday morning. The affected area is situated along the Baltimore fault well-known to the oil fraternity, and renewed faulting was believed a possible cause of Saturday's disturbance.

Time of the tremors was approximately 4:10. Residents of Wortham set the time at 4:17 while residents of Mexia placed the time at 4:13. The shocks were of only a few seconds duration but caused considerable excitement and conjecture. Both people and livestock were routed from their nightly rest.

MEXIA, Felt at Mexia.

MEXIA, April 9.—(Sp.)—Mexia residents were awakened at 4:13 a. m. Saturday by what they declare was a slight earth tremor. Windows rattled and houses shook but no damage was reported. There was but one tremor. Teague and Wortham telephone exchanges also reported residents awakened by the tremor.

Tremor Not Registered

AUSTIN, April 9.—(AP)—The seismograph at the University of Texas failed to register the earth tremor reported to have been felt at Corsicana at 4:17 a. m. today. Prof. Arnold Rosenberg reported.

Social Items Of

Interest Concerning

People of Wortham

WORTHAM, April 8.—(Sp.)—Mrs. J. W. Baldrice visited her sister Mrs. J. H. Shanks at Shanks Tuesday.

Mrs. J. W. Baldrice and Mrs. Tom Lindsey visited at the home of Mrs. J. H. Shanks at Shanks Tuesday.

Misses Annie and Sallie Robinson, of Palestine, and John Cullison, of Fairfield, heard the recital by the noted pianist, Frank Lindley, in Waco Tuesday evening.

Mr. and Mrs. Frank Kent and Miss Agnes Odom have bought the home place from the Odom estate. J. M. Robinson from Missouri is here visiting his mother Mrs. J. P. Robinson and to be with his sister, Miss May, who is seriously ill.

S. S. Harris, an old time citizen of Corsicana county, and for a number of years a citizen of Fort Stockton, is here this week visiting relatives here. Mrs. T. D. McInven, Mrs. Stella Clark and others.

Misses Carolyn Vincent, Louise Anderson, Bennie Eubank and Josephine Childs attended Quarterly conference at Dow Sunday.

Misses Bennie Eubank and Leta Eubank visited Mrs. Frank Robinson, who is seriously ill.

Mr. and Mrs. M. C. Strange, Mrs. Ernest Strange and Miss Juanita Calame visited in Corsicana Wednesday.

Mr. and Mrs. Jody Lindley, Mr. and Mrs. F. L. Cole were Waco visitors this week.

Miss Juanita Cooper left for Waco this week, where she enters residence in Sanitarium Training School for Nurses.

Mrs. Roy Miller and little daughter of Streetman are in Wortham visiting her mother Mrs. J. P. Jackson.

Mrs. Uel Davis returned this week from Dallas where she has been visiting her daughter. Her little son Hunter Wise Jr. returned home with her for a visit.

J. H. Basden of Fort Worth is in Wortham visiting friends and relatives.

C. A. Hunter and son Clyde Hunter of Dallas are guests of Mr. and Mrs. U. L. Davis.

Mrs. Ona Young had as her visitors the district clerk, John Childress and son Carl Allman of Houston, and Mr. and Mrs. Tom Lindley of Fairfield.

Mr. and Mrs. E. C. Wilkins of Des Moines, Iowa, are visiting Mr. and Mrs. Nelson Calame.

Mr. and Mrs. Guy Leverett and Dr. K. W. Sneed were in Corsicana today visiting Nav ro Clinic, where Mr. Leverett went for special treatment. The Leverett friends are glad to know Mr. Leverett continues to improve after his long spell of illness.

Mr. and Mrs. Wm. Gillespie of Coolidge were visitors of Mr. and Mrs. J. W. Lindley.

Navarro County

Students On Honor

Roll For Baylor

WACO, April 9.—(Sp.)—Two Navarro county students, Ruth Roberts, Corsicana and Richard W. Rogers, Blooming Grove, were on the honor roll at Baylor University for the winter quarter just closed, according to an announcement today by Dr. E. N. Jones, acting dean.

To make the roll a student must make a term grade of 85 or above on each subject taken. In recognition of their achievement, the dean sent letters of congratulation to these students.

CAPE COLLARS ARE SMART

PATTERN 2323

STEP-BY-STEP INSTRUCTION

DIAGRAM GIVEN WITH THIS PATTERN

By ANNE ADAMS

Every cape collar we see has a line or ripple that is different from the preceding one. Here is one that starts at each side of a slender shoulder, falls gracefully over the shoulders and across the back. The skirt seamings is unusual, too, and extremely flattering to the figure. This model is ideal for one of the lovely sheer cottons in vogue—lawn, dimity, voile, shantung—or in silk. Sleeves are included.

Pattern 2323 is obtainable only in sizes 14 to 20 and 32 to 42. Size 16 requires 3 7/8 yards of 36-inch fabric, 1-5/8 yard contrasting.

Send Fifteen Cents (15c) in coins or stamps (coins preferred), for each pattern. Write plainly your name, address and style number. Be sure to state size wanted.

Send for the Spring Fashion Catalog. This beautiful, colorful book offers 32 pages of chic, authentic Anne Adams styles for adults and children. The newest frocks for afternoon, evening and sports wear, exquisite lingerie, attractive house dresses and adorable kiddie models are featured—All personally chosen by Anne Adams and all fastenings practical, easy and inexpensive to make. Price of Catalog, Fifteen Cents. Catalog and Pattern together, Twenty-five cents. Address all mail and orders to Corsicana Daily Sun, Pattern Department, 243 West 17th Street, New York City.

PAINTERS-DEALERS DISCUSS PLANS TO CREATE BUSINESS

Abandonment of Ancient Italian Town Is Ordered

SANTO STEFANO, Italy, April 8.—(AP)—Complete abandonment of this 2,000-year-old town of 2,400 people was ordered by Premier Mussolini today, following the collapse of its central district last night. Fifty ancient caverns with which it is undermined.

The premier's order was issued after experts found that the partially-wrecked town rests on volcanic rock honeycombed with caverns which may collapse at any moment and swallow the remaining 200 houses.

A dozen houses tumbled into the yawning earth March 30 and since then 50 others whose walls were cracked have gradually fallen into ruins. No one was injured in the collapse, for at the first rumble of the cracking ground over the main cavern in the town's center, the people fled to the outskirts.

The outer circle of the city is still standing solidly although it rests on a dangerous crust of earth. It Duce has ordered a new Villa Santo Stefano to be built a few miles away on a safe site, within view of the present town.

The purpose of the meeting was to give a constructive plan for the betterment of the industry and the three branches of the industry stressed were the manufacturer, distributor and painters.

Mr. McCaffrey declared that since 1920 it was the survival of the fittest in business and urged those in the industry to go out for business. He stressed the conservation of surface as economically sound in addition to the beautiful qualities. The speaker showed charts, maps, etc., outlining his remarks relative to the high cost of non-protection of surfaces and said only about 30 per cent of the surfaces in America are properly protected.

He urged the painters to be honest, stay honest and know their business.

"If there was ever a time to advertise, it is now," Mr. McCaffrey declared, "to create interest and demand." He outlined the plan for the advertising of vitrolite oil "Whitoid" paint but out by his company in newspapers and magazines over the entire nation.

The meeting was a part of a campaign being waged over the country to get the painters and others interested in the industry to spend an hour per week in studying the business and promoting sales, getting the latest ideas, etc., furnished in the industry for the creating and holding of additional business.

Approximately 40 painters, architects and dealers in paint attended a banquet-meeting at the Navarro Hotel Friday night sponsored by the Lyon-Gray Lumber Company and the Pittsburgh Plate Glass Company, with representatives on hand from Corsicana, Mt. Calma, Athens, Hubbard, Dawson, Purdon, Irene, Malone, Kerens and Ennis.

E. F. Johnson of Dallas and H. McCaffrey, representative from the general office of the Pittsburgh Company, were the speakers.

BLAMING THE POLICE.

During the weeks of searching for the kidnaped Lindbergh baby people were divided into two groups, those who were trying to find the lost child but couldn't and those who were not lifting a finger of aid but could tell the others how it should be done. While there is no difference between them as to their immediate efficiency there was a world of difference otherwise.

If the public was quick to criticize the police it was because the great odds in favor of the kidnapers were not generally understood. The average layman saw as impenetrable the police net established within a few hours after the crime, and as inescapable, the concerted search subsequently instituted.

Finding a baby in the populous East is like finding the proverbial needle in a haystack. For every place the police might think of searching there are many that would escape their attention. Any of several large cities, the Atlantic ocean and convenient forests and swamps might have furnished a hiding place safe from detection. With a little luck the kidnapers might elude discovery for many months.

These things make the comparative security of a life of crime in the United States more readily understandable. It is not an easy matter to single out a few criminals from the lawful millions with whom they daily rub elbows. So when crime succeeds and rascals go free police inefficiency and corruption are not always responsible.

A GREAT BENEFACTOR.

Fifty years ago this month Dr. Robert Koch of Germany made a discovery which has proved to be one of the greatest contributions to human welfare and happiness. He succeeded in isolating the germ causing tuberculosis. He demonstrated that a tiny red-shaped organism multiplying in human bodies produced ailments which accounted for about one-seventh of the mortality of his time.

Koch discovered no cure for the disease and half a century of tremendous achievements in medical science failed to produce such a specific. And yet, acting upon the knowledge which Koch's discovery furnished, science and diligence of health authorities have greatly reduced the tuberculosis death rate.

The great value of Koch's discovery proved to be in the field of accurate diagnosis with the consequent possibility of combating the disease in its earliest manifestations. And out of this increase of knowledge, also, has come recognition of the environment, rest and proper food.

Not the least of these accessory discoveries has been that bearing upon safeguarding the milk supply. So important has this proved that the one factor of tuberculin testing of cattle is counted one of the chief influences contributing to the lessened virulence of tuberculosis over large areas.

The name of that modest country doctor, Robert Koch, surely deserves enrollment among those of great benefactors of the human race.

Who, recalling the home town, remembers the trained dog that disappeared into saloons so his anxious owner would have to go after him?

If he doesn't know whether he's pitching or catching, it's a shortstop.

JUST FOLKS

THE HUSTLER.
Bill's out early and stays out late. Hustling just as though times were good; Doesn't lose heart when customers state They'd gladly buy from him if they could.
Sort of discouragin', keepin' on. When scarcely a dollar's in sight to earn.
But he says to me, "I want to be First on hand when the tide shall turn."
"I've figured it out, and it seems to me That nobody knows when this thing will end, But first at the door I want to be When the man with money decides to spend."
So I keep on working night and day, And I keep on trying from eight to five.
For when clears the sky and they start to buy At least they'll know that I'm still alive.
"You can't just tell when a boom is to start And they'll need the goods that I have to sell, But if I grow weary and faint of heart And I crawl into my hiding shell They may all get going a month or two Before what's up in the world I learn, So just watch me, on the job I'll be, All ready to go when the tide shall turn."
(Copyright, 1932, Edgar A. Guest).

NORMAL BOYS.

How many boys, taking them as they go, will refrain from throwing a stone at a toad? Not many. The boyhood temptation is just as great to shoot at birds and to stone squirrels in the park or grove.

The fact is that every boy has an instinctive aspiration to be a hunter, and he is exceptional, not normal, to whom hunting, which involves killing, is naturally abhorrent. Unless trained from infancy to think only of protecting wildlife the normal child will take to the stone and air rifle as naturally as a duck to water and a bird to the air.

It is not at all difficult, however, to give the normal boy an appreciation of animals alive, as distinguished from animals dead—to turn him into a "naturalist" keenly observant and effectively protective.

This is the thing to do with boys, not scold and denounce them as young fiends and barbarians when they follow the ways of their ancestry.

For an authority on this question one will not turn to adults who never have been boys or have forgotten the time when they were, or who were the exceptions to the rule. Best fitted to teach the boy to love and protect the little wild creatures are the men who know from their own boyhood experience the inherent destructiveness of youth and so know how best to cope with the situation.

The female member of the New York Aquarium staff who, indignant that boys had killed goldfish placed in a park fountain, observed that "normal boys wouldn't do such a thing" betrayed a woeful ignorance of the ways of boyhood.

DEADLY.

Traffic accidents kill a few thousand of men, women and children annually, causing the setting up of extensive safeguards for the protection of human life.

A citizen is killed by assassins in a foreign land, and diplomatic relations between two nations are strained and the indignation of millions is aroused to the point of violent outbreak.

An epidemic of infantile paralysis breaks out with the resultant loss of life of several hundred children, and the nation organizes every resource to combat the disease.

But germ-carrying insects which yearly cause the death of millions of human lives and destroy vast quantities of man's food supplies, attract the concern of one or two governmental departments, provoke an occasional "swat the fly" or "clean-up" campaign and disturb not the public's peace of mind. The mosquito and fly are the most destructive enemies of man. They convey to man malaria, sleeping sickness, cholera, typhoid and other deadly diseases. Other insects destroy wheat and cotton crops, murder man's livestock or contaminate food supplies. And the only defense the public makes against his most powerful and destructive enemies is to screen in his house and spray his fields and orchards.

"Don't Balance,--I'll Have to Have Your Shirt, Too."

---By Clive Weed

TOLERANCE.

Candor in a man of character is not nearly as dangerous politically as politicians are wont to fear. Atlanta voters refused to penalize Mayor Keys for his remarks last summer in Europe to the effect that prohibition in America is not a success. An attempt to recall him was a signal failure at the polls.

Especially heartening was the attitude toward the mayor of many who continue to have faith in prohibition. They resented the effort to destroy a public figure for his crime of speaking an honest opinion in a matter of universal interest, and hundreds of them were active in the mayor's defense.

We believe this new spirit of tolerance in discussing the problem is typical; and that it is growing, except among the militant professionals of either camp, who possibly must maintain dogmatic, cocksure attitudes to keep themselves convinced. A wholly new temper prevails in most discussions of the wisdom of continuing the present law or altering it to fit our practical requirements.

Whether "noble experiment" was a happy description of prohibition, Mr. Hoover was decidedly right in his choice of the term "experiment." An experiment is an effort to find a practical way to accomplish a goal. Prohibition is not an expression of any natural law. It was an attempt to deal with a situation; an experiment with a method of controlling it. The larger the number of people who look on it simply as that, the less we shall have of intolerance of the opinion of others, which grows out of a confusion of the end sought with the efficacy or failure of the means employed.

Babe Ruth may be able to add to the side money by having the ghost prepare a little series for the household pages on "How I Scrape Along on 75 Grand a Year."

Maybe the Gulf Stream was rerouted slightly in its northern reaches as feared but we see by the rotogravure bathers that Miami is still on the main line.

What we usually wonder about, when the "floating university" is mentioned again, is where the foot ball eleven plays its home games.

The far Eastern trouble couldn't have lasted. It's getting harder to borrow money with nothing but a war to put up as collateral.

TOO MUCH GOVERNMENT.

The one-horse shay days have passed but we still conduct our governmental affairs along the same lines and in the same channels as we did before the advent of the automobile, with its rapid means of transportation, and before the radio, the telephone and telegraph came into general use as quick means of communication. We have made progress in practically everything except in governing ourselves.

Thirty years ago it took us a full day to reach grandfather and grandmother 40 miles out in the country via the horse and buggy route. Today an hour's drive brings us to the same destination. We no longer depend on the mounted rider with his saddle bags to carry important communications or deliver urgent messages to our neighbors in the next county or state. The telephone, the radio, the telegraph do this quicker and more effectively.

And yet our governmental units of the state are the same in number as they were years ago. The township as a unit of government, so our leading political scientists tell us, is obsolete and contributes only to our burden of taxation. Consolidations and eliminations appear to be in order. This also holds true of school districts. Certainly there are branches of our government that offer fertile fields for cultivation by those who sincerely desire to reduce the taxpayer's burden.

Little Henry Pu-Yi, the Manchurian dictator, seems of the type that slips into office because someone of the same name was once an able public servant.

A receiver has been appointed to take over a receiver in a Western city, and we expect the next move to be made is to mortgage the mortgage.

The town cynic says he isn't superstitious, but has a rabbit's foot, three years old, he will gladly give away to the first applicant.

There seems to be some little reluctance about letting Capone break into the true detective story magazine as a master sleuth.

People who are now worrying about inflation are three years too late.

Our idea of something not to lose sleep over is losing sleep.

The man of the hour takes care of the minutes.

DEFECTIVE AUTOS.

An analysis made by the National Conference on Highway Safety places at 15 per cent the proportion of the 33,060 traffic fatalities in 1931 that were caused by defects in motor vehicles. Some state highway officials estimate it even higher. But at 15 per cent it vindicates the spreading practice of compulsory periodic inspections of motor vehicles.

These defects are largely attributed to improper maintenance by the automobile owner and to the use of superannuated vehicles which have frequently changed hands through re-sales. To the automobile owners the moral of the foregoing is plain—keep the car in good order, with especial attention to the brakes and steering mechanism, or keep it off the highway.

The conference points out as a warning to drivers that an increase from 20 to 30 miles an hour in the speed of city driving represents an increase of 50 per cent in speed, but an increase of 125 per cent in the energy and destructive power of the moving vehicle, because the energy is proportionate to the square of the speed. Partly offsetting this added threat are the recent radical improvements in the strength and efficiency of brakes, in the construction of tires and in the balance and ease of handling of motor cars.

It is incontrovertible that the modern motor car can be driven with greater safety at higher speeds in city traffic than models of four or five years ago, but it behooves every driver to bear in mind the destructive force of speed.

What passes for courage is sometimes only successful effrontery.

The man who thinks he knows everything is usually mistaken.

Nothing comes to him who sits down and waits.

You can't keep a good head of hair down.

Politeness costs nothing, but is worth more.

All work and no play makes jack.

You can't keep a good secret down.

VETERANS PRESENT HUGE PETITION FOR FULL CASH BONUS

CLAIMED TWO AND HALF MILLION SIGNATURES ON CONGRESSIONAL PETITION

WASHINGTON, April 8.—(AP)—Marching behind bands, over a thousand veterans went to the capitol today with a truckload of petitions urging cash payment of the bonus and were promised by majority spokesmen of the house and senate their pleas would receive consideration.

The Veterans of Foreign Wars, sponsors of the demonstration, said they were 2,500,000 signatures on the petitions, delivered in 20 packing cases.

They were delivered to Representative Rainey of Illinois, the democratic leader, Snell of New York, the republican leader, and Senator McNary of Oregon, the assistant republican leader, who were grouped on the capitol steps with other members from both branches of congress.

President Hoover a few days ago urged that legislation for payment of the bonus be not passed at this time and Henry L. Stevens, national commander of the American Legion, also has opposed it.

WOMAN SERIOUSLY BURNED NEAR RICE THURSDAY EVENING

Mrs. J. C. Rutherford, Alma route one, is in the Navarro clinic in a serious condition as a result of burns sustained at her home eight miles south of Ennis Thursday night at 7 o'clock and a two-year-old daughter, Grace Marie, was severely burned when kerosene which was being used to start a fire exploded. They were rushed to the local hospital in the Keever ambulance from Ennis.

It was stated Friday afternoon that Mrs. Rutherford was preparing to kindle a fire in a heater and poured kerosene on the wood and then set the can of kerosene on the floor. When the flame came in contact with the oil, an explosion occurred. Mrs. Rutherford rushed out of the house and much of her clothing had been burned before the flames were extinguished.

The little daughter was burned from the knees down, but her injuries are not regarded as serious.

BURGLARS ENTERED BUSINESS PLACES; GET LITTLE LOOT

Burglars entered the A. D. McKinney building and the filling station operated by Percy Nowell at the intersection of North Main street and West Third avenue Thursday night, but procured little loot. City officers are investigating.

Entrance was effected through a rear window. The hinges of a steel cabinet safe were removed and the Nowell station was entered by taking off the hinges of a door. Twenty pennies were taken from the office and a bottle of hair water was found. The bottle was left in the office.

It is thought exit was made through the front door of the filling station as it was open when the operators arrived Friday morning.

Dawson Election Results In Some Official Changes

DAWSON, April 8.—Several changes in the official family of Dawson were made at the city election held here Tuesday in which considerable interest was shown.

There were 305 votes cast. Claude Putman defeated W. McElroy, who sought re-election as city marshal, Putman receiving 178 votes as compared to 128 for McElroy.

Mayor S. Berry was defeated by W. P. Johnson. Johnson received 180 votes and Berry 121.

Jim Garner with 227 and Guy Davis with 195 votes were elected aldermen. Gray Sims received 146 votes for alderman.

COURTHOUSE NEWS.

District Court
Gladis Valandingham vs. Otto Valandingham, divorce granted.

Cal E. Kier, trustee for Mrs. Minnie Conner, vs. Harry Stuart Woods, executor of the estate of J. H. Woods and Mrs. Bettie Woods, deceased, 104 1-2 acres of the E. Tandy, Thomas Pratt and J. A. Johnson surveys, \$4000.

J. H. Woods Jr., substitute trustee for Mrs. Minnie Conner, to Henry Stuart Woods, executor of the estates of F. H. Woods and Mrs. Bettie Woods, deceased, 75 acres of the James A. Johnson and W. T. Treadwell surveys, \$2800.

Warranty Deed
G. E. Wilds to McCammon and Lang Lumber company, lot 11, block 276, Corsicana, \$1 and other considerations.

Justice Court
A white man was fined on a theft charge Thursday afternoon by Judge Sam B. Jordan in connection with the alleged theft of groceries and feed from the Dresden community last week.

FROST ALDERMEN.
FROST, April 8.—(AP)—W. A. Ross and G. L. Haley were re-elected as aldermen here in the city election Tuesday. Their names went on the ticket unopposed.

Frost Plans For Free Picture Shows Two Nights Weekly

FROST, April 8. (Spl.)—An open air picture show has been sponsored by the Chamber of Commerce, contracting for two programs each week on Friday and Saturday nights. These programs are to be given free. A short time ago the local picture show was forced to close down account of the strenuous times and it is believed by many that it has caused the crowds to lighten each week end.

The move is being inaugurated to attract people to Frost. It will be the only picture show in operation between Corsicana and Hillsboro and each program will consist of two reels of comedy and from six to ten reels of western.

Hubbard Hi School Entered by Prowlers

HUBBARD, April 8.—Prowlers forced their way into the local high school building Wednesday night and did considerable damage to windows, doors and locks, but after a check had been made, all equipment, apparently nothing was taken.

The ward school building has been entered twice this year, but the only losses incurred were damages to the building.

FROST GOOD WILL TOUR TUESDAY WAS COMPLETE SUCCESS

FROST, April 8.—(Spl.)—Twenty-one automobiles and fifty-six adult persons made up the Good Will trip Tuesday sponsored by the Chamber of Commerce to tour the Frost trade territory in an advertising campaign of the various business concerns of the town.

The hostess left Frost at 9:30 coming in parts of Ellis, Hill and Navarro counties, returning at 4:20. The first community visited was Slay, from there the hostesses went to Lone Cedar, Blooming Grove, Dresden, Silver City, Navarro, Rawleigh, Brushy Creek, Emmett, Pelham, Irene, Mertens and other communities along the route.

Arriving at Navarro church at the noon hour lunch was spread on ground all enjoying the feast to the limit.

The trip was made primarily for the purpose of advertising Frost's first Trades Day to be held here Saturday, April 30. At this time cash and approximately \$40 worth of merchandise is to be given away. These events are to be a regular monthly event up to and including the fall.

Hatchery--Hatchery

We will set your eggs for 1.50 per tray and can sell you baby chickens for five cents each.

POULTRY AND EGGS --- Can use fresh eggs 7 cents per dozen and poultry market price; loading car poultry each week and will need more eggs this month than any time this year.

THREE IMPROVED CLUBS WILL MAKE FAVORITES WORK

YANKEES, SENATORS AND INDIANS MAY BECOME "GIANT KILLERS"

CHICAGO, April 11.—(P)—Connie Mack and his Philadelphia Athletics hit the trail for a record-breaking American league pennant conquest tomorrow with a well-founded suspicion that they are in for a rocky journey.

They were slight favorites to win and thereby become the first American league team to capture four straight flags; but tradition and at least three improved clubs, shaken out of their apparent inferiority complex by a National league victory in the 1931 world series, were a little more cocksure and confident of halting their victory march.

The big push starts tomorrow as Joe McCarthy's New York Yankees, packing a dangerous punch, better fielding and a good-looking pitching staff, were labeled as the one team to chase the A's from their corner on pennants while Washington and Cleveland received the rating as possible giant killers.

Southpaws May Decide. A careful sifting of the pennant chances of the A's and Yankees indicated two of the hand-picked held the key to the title. "Lefty" Grove of the Athletics and a "Lefty" Gomez of the Yankees. Grove won 30 while losing but Gomez won 22 in his last year, while Gomez captured 11 and dropped but nine for the McCarthy crew. But Grove is 32 years old and hardly can be expected to pile up another similar impressive record whereas Gomez, only 22, is tossing his smoke ball faster and promises to improve with a tighter defense and regulation rest afforded by a good pitching staff.

Gomez or Charlie Ruffing were primed to pitch the opener for the Yankees, who had the league interest in their two rookies of the infield—Jack Salsgaver at second and Frank Crossett at short or third. Salsgaver, only 20, is the long range hitting streak, may relieve Earl Combs in center field as a starter.

Hoover Opens Season. President Hoover has his pitching arm in great condition to send Washington and Boston off to a day's head start, over their rivals at the capital today. Still worried over batting punch and capable of pitching the opener for the Yankees, who had the league interest in their two rookies of the infield—Jack Salsgaver at second and Frank Crossett at short or third. Salsgaver, only 20, is the long range hitting streak, may relieve Earl Combs in center field as a starter.

Wesley Ferrell's big right arm and a tighter infield buoyed Cleveland's hopes of providing some excitement in the title chase. Ferrell was reported to be in even better condition than a year ago and was Manager Peckinpaugh's pitching selection for the inaugural against Detroit. Vic Sorrell was thought probable to lift from the mound.

Chicago's White Sox, a mystery team as never before with a new manager in Lew Fanecka and a spring training record without one major league opponent, without over batting punch and another dependable catcher as they awaited the invasion of the St. Louis Browns.

SPRING WOLF HUNT EXPECTED TO DRAW MANY DOGS, HUNTERS

MEXIA, April 11.—(Spl.)—More than 150 of the best wolf hunting dogs of Texas and 400 or 500 hunters are expected at the spring wolf hunt of the Texas Fox and Wolf Hunters' Association, at Archer City, May 9 to 12, according to an announcement by J. W. Elliott, MEXIA secretary-treasurer of the association.

The camp site will be eight miles south of Archer City on the E. D. Icard ranch, where plenty of wolves are known to be present. The hunt will be under the direction of Fort Worth, president of the association, has made a personal investigation of the location and states in a letter to Mr. Elliott that it is ideal.

Tom Masters of Chicago will be judge of the bench show, while E. T. Newblock of Tulsa will be master of hounds. Cups and ribbons will be given in both the bench show and the field trials.

The first cast will be made on Tuesday morning, May 10. The bench show will be on Wednesday. Mr. Elliott will take 12 of his pack of 28 trained dogs to the hunt.

Program For District Meet At Hillsboro Is Announced This Week

Following is the program of the District 11, University of Texas Interscholastic League meet which will be held at Hillsboro, Friday and Saturday, April 15-16:

9 a. m.—Preliminaries in tennis at junior college courts.
12:30 p. m.—Preliminaries in track at junior college field.
2 p. m.—Finals in debate at junior college auditorium; all rural school declamations at Travis school auditorium; all high school declamations at Doughty field.

3 p. m.—3-R contest at junior college auditorium.
Saturday, April 16.
10 a. m.—Finals in tennis at junior college; semi-finals in track and field at junior college field.
2 p. m.—Finals in track and field at junior college field.

Note—In case of rain, the meet will be postponed one week.

RETURNS HOME. Mrs. D. E. Pike has returned from Kansas City where she recently underwent a major operation. She hopes the return trip will be a pleasant one to her friends and family.

MAJOR LEAGUERS TOE LINE FOR 1932 RACE

The time honored cry "Play Ball!" will be heard on all fronts weather. Washington and the Boston Red Sox will get the jump on the field in a game marked by traditional ceremonies a day earlier at the capital, but the two clubs will move on to the Hub on the 12th to get down to the serious business of settling their first series. Photos above show outstanding member of each club.

GIANTS TO SUPPLY BALANCED CLUB TO COMPLICATE FIGHT

CUBS MAY GET INTO TITLE STRUGGLES; OTHER TEAMS IMPROVED THIS YEAR

NEW YORK, April 11.—(P)—It will be a rocky road that leads to the 1932 National league pennant if shifts in player talent bring about an expected balancing of strength all down the line.

There is no getting away from the fact the world champion St. Louis Cardinals will start the campaign tomorrow pronounced favorites to wind up in September with their third straight crown, but there is no expectation they can make such a run-away race of it as they did a year ago.

Since the Cardinals captured the title series from the Athletics last fall they have lost the services of a great pitcher, Burleigh Grimes, and an outfielder, Chick Hafey, who won the league batting title last season. Grimes went to the Cubs by trade and Hafey has refused to sign a contract. Tex Carleton and Dizzy Dean may help offset the loss of Grimes. Jim Collins, a substitute first baseman, is filling in for Hafey.

Giants Look Good. The Giants, generally picked to finish one-two, will put out the field a well-trained, well-conditioned and excellently balanced club. Hughie Critz apparently has conquered an arm ailment, the outfield has been improved by the addition of the hard-hitting recruit Len Koencke, and Hal Schumacher should prove a help to the pitching staff.

The Cub's threat would loom even more menacing if Rogers Hornsby could bolster an outfield that consists chiefly of Hazen Cuyler. The infield also may be a sore spot now that Shortstop Ellsworth English is out for two weeks more with a broken finger. Brooklyn seems to have great potentialities that may be realized under Max Carey's guidance. The Dodgers' fate, however, depends on the recovery of the pitching staff as well as the performance of Hack Wilson and Glenn Wright.

Other Clubs—Pittsburgh, Philadelphia, Cincinnati, Boston—should be vastly improved over last year, particularly the Phillies.

Hearing Date Set In Congressional Race Legal Action

SAN ANTONIO, April 11.—(P)—Judge W. W. McCreary has set a hearing for April 19, on an application for mandamus brought by Mrs. Ida M. Darden of Fort Worth against the 31 members of the state Democratic executive committee.

Mrs. Darden averred in her application she is a candidate for congresswoman-at-large and seeks to have the committee abandon the plan of electing congressmen at-large for places No. 1, 2 and 3. She charged that the committee had no right to arbitrarily designate places for congressmen-at-large and to avoid redistricting the state, the committee designated the three places, which have no geographical significance but was simply an effort to simplify elections.

DURANT JUDGE DIES

DURANT, Okla., April 11.—(P)—Judge E. S. Hurt, one-time noted socialist leader and brother-in-law of the late Governor Jim Hogg of Texas, died at his home here today of heart disease.

His father, the late R. S. Hurt, for many years was a justice of the Texas Supreme Court. Hurt married Governor Hogg's sister years ago in the governor's mansion at Austin but his wife preceded him in death several years ago.

SPORT NOTES

By PAUL MOORE — Sun Sports Editor

Looks like the Tigers will be fortified by some real ends again this season, replacing a pair of aging ends with the country—George Pryor and Maco Stewart. Pryor was all-state selection for the past two years and Pryor was as good in 1931. Westbrook should be a whiz this year and was one of the best tacklers on the Tiger team in 1931. He is back. Dill Cole, a lanky prospect, has been one of the sensations of the spring training camp and is adept snatcher of passes. One back prospect was loud in his praise of Cole, declaring it was as good as caught when a pass was flung within 10 feet of him. Rector is also looking exceptionally promising at end this spring.

We have been advised by Polly Pollard, sterling center of last year's club, will be back fighting at his old post. He is out for the squad now. This will be something to cause worry to other clubs in the district. Polly was not such a sensational pivot man, but he was conservative and consistent and was one of the mainstays of the club, and can play the post as it should be. He is not so big, but has put on weight and he is likely to make a serious candidate for all district honors, despite the announcement. Sandy Hagler will be back at Cleburne. John Kessinger is also showing up fine at center.

The return of Pollard will give the Tiger mentors a line of let-terms from tackle to tackle.

Harold V. Radtke, editor and sports authority of the Cleburne Times-Review, compliments Corsicana on the manner in which athletics are conducted here. He wrote his column recently about the finding of Robert Wilson, a young playing his four years here, and said in part: "Corsicana plays an eligible team. The school heads there are scrupulous in that every boy is bona fide for athletics. They are to be highly commended for their fine attitude along this line."

Personally we hate to see Bob pass out of high school athletics. He's a fine youngster and a great football player. Incidentally he's a real sportsman."

Governor Ross Sterling will throw the first ball Wednesday opening the baseball season at Dallas. Dallas and Fort Worth will play the opening tilt. Fifteen percent of the proceeds will go to charity for relief of the unemployed, and President Dreyfus of the Steer club has announced if Dallas wins the attendance prize of \$250, it will also be given to the charity fund.

The Corsicana Y wrestling club went to Dallas Saturday for a meet against Dallas tenebris but the match was not held due to a Y.M.C.A. drive in progress. The Dallas team had called off the match, but had not notified the local club. The two teams are scheduled to compete next Saturday. Local grapplers went to the Y.M.C.A. drive instead of the Y.M.C.A. drive.

Corsicana junior high athletes went to Waco Saturday to compete in the Central Texas meet, but arrived after the competition had gotten under way and did not compete.

Organized baseball makes its 1932 debut this week with the major races being scheduled to start Tuesday afternoon and with the Texas circuit to start Wednesday. This promises to be one of the hardest seasons in the history of baseball, and many of the clubowners stand to lose heavily, especially if their teams are not up in the running.

After the novelty of the opening weeks wears off, it is expected some of the Texas league cities will play before some very small crowds, especially Wichita Falls, Shreveport and Cleburne, with San Antonio not expected to break any attendance records. It is going to be tough sledding, and we expect the season will be a hard one. Dallas looks like one of the leading clubs based on the punch shown in exhibition games.

The Steers have a batting punch this year, and have some pretty fair chunkers on the hill. Lou Garland, classed as a rookie, who looked fine in the Steers training camp here in 1931, has returned to the Mavs and will likely be used as a relief hurler. Garland had plenty of speed and can chunk the pellet.

Athletes from class A schools of Navarro, Johnson, Hill, Ellis and Bosque counties will vie at Hillsboro Friday and Saturday in the annual district meet to determine athletes to compete in the annual state meet in Austin, May 5-6. Corsicana is the defending district champion and is to make a determined bid to retain their title. The State Home will also be well-represented at the district meet. State Home won the county meet over the Tigers this year, duplicating their feat turned in last year.

No definite plans have been made, but it is expected the annual city golf tournament will be staged on the Country club course next month. The county invitation tournament will also be held in the near future.

The Country club links should be in excellent condition soon. The greens have been dressed and are expected to be all right soon. At the present time, some of the greens are extremely fast.

Market Probe

(Continued from page 1.) Saturday. Whitney said all he knew about that was information passed on to him by Senator Walcott.

Exposure of Bears Sought in Committee

WASHINGTON, April 11.—(P)—Exposure of the big bears of Wall Street was sought today in the senate banking committee's questioning of Richard Whitney, president of the New York Stock Exchange, and other witnesses.

Details of the larger short transactions in last week's tobogganing market. Whitney's appearance marked the opening of a delayed investigation of the nation's principal security markets, an inquiry inspired by President Hoover himself out of a conviction that the country's economic recovery has been retarded by the systematic and purely selfish beating down of the stock and bond prices by pools of big operators.

The President, Senator Walcott (R., Conn.) who sponsored the investigation, and others have by a belief that uncovering the source of the depressing activities may put a halt to that type of activity where all the administration urged Thursday night's grappling card at the Jim Williams arena on South Beaton street, the promoter stated Monday morning.

Marvin Willis and Blacky Blackburn are slated for the main shindig, while Dutch Tennant and Curley Stringer have promised to entwine on the semi-windup, Curly Stringer, the new-comer to the sport, wrestled here about a year or so ago, and showed he was a fast and snappy fighter.

Rumanian Flood Death Toll Has Been Increased

ARAD, Rumania, April 9.—(P)—Thirty more were added today to the death toll from floods in Rumania during the past few days when the swollen river Maros broke through its dams at midnight last night and overwhelmed and decimated several villages near the Hungarian border.

It was estimated today that 18,000 people have been left homeless, their cattle, poultry and household belongings washed away, leaving them to face hunger.

Last night's disaster brings the total reported flood deaths this week throughout the country to approximately 100.

VON HINDENBURG EASY VICTOR IN SUNDAY ELECTION

FORMER MILITARY LEADER REGAINS PRESIDENCY FOR SEVEN YEARS

BERLIN, April 11.—(P)—Field Marshal Paul von Hindenburg, second president of the German republic, settled back in his presidential chair today at 84, for another term of seven years.

In yesterday's run-off election he rolled up a plurality of nearly 8,000,000 votes over Adolf Hitler, national socialist candidate, his chief opponent. The vote, as announced early today, was: Von Hindenburg 19,359,649
Hitler 13,417,469
Thaenmann (Communist) 3,706,388
Invalid 8,204
Total 31,491,694

Chancellor Heinrich Brüning, at President von Hindenburg's request, consented to remain in office as chancellor. He offered a formal resignation when he congratulated the President on his victory, but withdrew it later.

The winner will have the satisfaction of knowing he is a majority president. Although he failed to get a majority in the first election March 13 he rolled up a majority of 2,235,794 yesterday over the combined vote of his two opponents.

One national socialist and one republican were killed during fights in Hamburg and Bremen. Another man dropped dead from excitement. Three score persons were injured and hundreds arrested.

Early this morning Hitler called on his followers to give the Prussian diet elections April 24 in an effort to march a step farther toward the goal he called "German liberation."

The Hitler movement apparently came to a standstill yesterday would seem to be indicated by the fact that, although his increase from 31.1 per cent of the vote in March 13 to 36.6 per cent yesterday was substantial, yet the difference did not equal the vote cast for Lieut. Col. Theodore Duestenberg, nationalist candidate in the March election, who withdrew from the run-off.

A large section of the nationalists was shown to have failed to swing to Hitler and President von Hindenburg increased the percentage of his own vote from 49.6 to 65.9.

WILLIS WILL MEET BLACKBURN IN MAIN EVENT THURSDAY

Another combination of wrestlers seen here in the past couple of weeks has been lined up for Thursday night's grappling card at the Jim Williams arena on South Beaton street, the promoter stated Monday morning.

Marvin Willis and Blacky Blackburn are slated for the main shindig, while Dutch Tennant and Curley Stringer have promised to entwine on the semi-windup, Curly Stringer, the new-comer to the sport, wrestled here about a year or so ago, and showed he was a fast and snappy fighter.

Last night's disaster brings the total reported flood deaths this week throughout the country to approximately 100.

TESTIMONY STAGE REACHED IN HONOR SLAYING HEARING

DEATH PENALTY IS NOT SOUGHT IN CASE OF WOMAN AND THREE MEN

HONOLULU, April 11.—(P)—One side of the prosecution's side of the story of the slaying of a white woman was ready to be told in court today as the Porteus-Massie "honor slaying" trial moved into its second stage.

Selection of a jury having been completed Friday, the court assembled witnesses for the presentation of testimony and evidence, the next step in the deep-drama of the "Paradise of the Pacific" has experienced in years.

As the trial resumed after recessing over Saturday and Sunday, Public Prosecutor John C. Kelley had before him the names of 26 persons who professed to have knowledge on one phase or another of the killing of Joseph Kahahawai, Hawaiian accused with four other men of attacking Mrs. Thalia Massie.

With the pidgeon English they speak in court, Kelley hoped to forge a chain of circumstantial evidence which will send Mrs. Massie's husband, Lieut. Thomas H. Massie, her mother, Mrs. Griville B. Porteus and two navy enlisted men, E. Lord and Albert O. Jones, to prison as the killers.

The death penalty is not involved, the defendants being accused of second degree murder. However, Kelley will carry with it the possibility of a long term in prison.

Court sessions are limited to three hours a day in deference to Clarence Darrow, 75-year-old leader of the defense.

The case is being tried before what is termed the "whitest jury" ever called in Hawaii. Six men of American extraction and one of German was seated in the face of the prosecution's fight to have jury of Oriental and mixed blood.

So far as is known, the prosecution's case is entirely circumstantial. In view of this, it seemed certain Darrow would request an instructed verdict of acquittal when the prosecution completes its evidence.

Cut In Bill

(Continued from page 1.) session, it is not likely to have any tariff bill of that sort," Garner said.

"It would originate in the house and no such bill is contemplated here to my knowledge."

The Texas Democrat said he hoped the senate amendments to the Democratic tariff bill restoring the flexible provisions of the tariff act to congress would be approved by the house this week and sent to President Hoover.

Committee Seeking Real Economy Plan

WASHINGTON, April 11.—(P)—Under the dome of the capitol, a small group today sought adjustment of conflicting views to make possible the writing of a "national economy program" in one or more bills which, by changes throughout the government structure, would save taxpayers at least \$200,000,000 this year.

At a continuance of the all-day session with President Hoover at the White House, the special committee of the house under Representative McDuffie (D., Ala.), met with Director Hooper of the budget. Out of their analysis was to come a decision whether to stick to their own plan for a wage and salary rate cut in the federal budget, or to adopt President Hoover's plan for reducing the working time, and thus the pay, of federal workers, with flat cuts only for the highest officials.

This was the outstanding point of difference in the tentative budget-balancing program worked out by the legislators and the President.

It is the President's idea, and Speaker C. G. Clegg's, that a big bill should carry all the changes, so as to circumvent the numerous vigorous groups opposing individual items in the general program, fearing that if the proposals went in piecemeal, many of them would be knocked down that the net achievement would be puny.

McDuffie, however, favored splitting the items in three groups, one carrying legislative changes, a second covering reduction in appropriations and the third containing plans for consolidating various agencies.

Red Cross

(Continued from page 1.) and your steadfastness during the next year."

WASHINGTON, April 11.—(P)—How the Red Cross responded to the needs of drought, storm, tornado and unemployment emergencies the last year was told today by James L. Fleiser, vice chairman.

Addressing the opening session of the annual convention of the National Red Cross, Fleiser sketched a word picture of the organization's far-flung activities and paid tribute to its chairman, John Barton Payne, for his "unselfish and courageous service."

The Red Cross has been designated by congress to distribute the needs flour made from 40,000,000 bushels of government wheat. Fleiser said more than one-third of this amount is now in the process of being distributed.

Rabbi William F. Rosenblum of Temple Israel, New York, warned that Congress must forget "sectional pride, petty partisan politics and personal ambition" and enact measures striking at the fundamental causes of economic unrest and material instability.

"Otherwise," he said, the masses here will rise in their might and demand a hunger loan more significant in scope than the victory loans which were over-subscribed so generously during the world war." The convention, attended by about 1,000 delegates, will continue on through Thursday.

Four Burned In Refinery Fire of Magnolia Co.

BEAUMONT, April 11.—(P)—Four men were burned, one critically, and damage which may reach a quarter of a million dollars was done when an explosion occurred shortly before noon today in the gas plant of the Magnolia Refinery here. The blast is believed to have been caused by ignition of escaping gas by a spark from an electric motor. The fire was under control, but not extinguished, at 1 o'clock.

The most seriously injured of the four is A. E. Greve, 44, a stillman, whose burns are expected to prove fatal.

The others are R. A. Kinnear, 31, foreman of the gas plant, burns about the head and face; H. T. Mulder, 38, pipe fitter, burns about the head and face; and Lester Cruise, 30, burns about head and face. None of the latter three are considered in a critical condition.

Cruise, one of the injured, said that the explosion occurred when two pipe fitters went to the top of a tower to repair a broken flange where gas had been escaping and had filled the motor m.

GIBSON PROPOSES ABOLITION TANKS, HEAVY GUNS, GASES

GENEVA, Switzerland, April 11.—(P)—Hugh S. Gibson, the American delegate, proposed to the world disarmament conference today the abolition of offensive weapons including tanks, heavy mobile guns and gases.

Gibson, ambassador to Belgium and vice president of the American delegation to the conference, said it is obvious that abolition of these weapons can in no sense prejudice any other plan for achieving security.

"On the contrary," he added, "the very relaxing of tension which would ensue from a general agreement to do away with these weapons in itself favors further agreement."

He emphasized that fear as to national safety is not to be dealt with by pure logic or peace established by argument alone.

In the discussion in the general commission Sir John Simon, the British delegate, and Dr. Giuseppe Motta, of Switzerland, supported the American suggestion.

Million Dollars Worth Narcotics Seized Friday

NEW YORK, April 8.—(P)—The seizure of 24,000 ounces of narcotics, which officials estimated had a retail value of \$1,000,000 and which had been camouflaged as toys, was disclosed today when the contraband was taken from pier 75, North River, to the barge office.

Customs agents under Deputy Surveyor John Anderson, in charge of the cargo division, seized five packing cases containing the narcotics yesterday after they had been unloaded from the liner Ile De France. The liner arrived Tuesday from Havre and C. erbourg.

SHOES AND STOCKINGS

Out here in Hollywood, the shoe styles are very fancy indeed, and the openwork sandal is as popular as ever. The "spectator sports" shoes is the thing to wear, for it goes for morning, afternoon and even for the informal evenings. It's cool, frequently unlined, and if it is not made of laced straps, it is full of perforations, which give it design and also coolness.

last, but you can't cramp your whole foot into a narrow shoe, no matter how willing you are to stand discomfort.

The smartest country and sport stockings are chiffon lisle, which give slenderness to the ankle and are as pretty as silk, and newer.

yellow that would be most becoming to a blonde is what is known as "palmrose yellow" as it has considerable pink to it, and it is also a very distinctive shade.

T. L. H. H.—a tea made from sagebrush or from black tea would not get the desired shade. You will be able to get a darker shade if you use henna; and to avoid having the stray hairs a red color, add some laund-
bury blue to the henna. Now, if you want what you use that is intended to give the gray hairs, there cannot be the exactness matching to the natural coloring unless the whole head is done.

SUICIDE EPIDEMIC HITS CLEVELAND AS FIVE TAKE LIVES

CLEVELAND, April 11.—(P)—Five persons committed suicide in Cleveland yesterday and today and three others attempted to end their lives.

Those who died were identified by police as: W. A. Turner, 66, Mrs. W. A. Turner, 60, Mrs. Elsie Bernack, 30, Michael Kapcos, 43, and Frank Hoffman, 46.

The suicide case brought death today to Mrs. W. A. Turner. Police said Turner shot his wife with a revolver, then slashed his throat with a razor. Their bodies were found in their home. The notes left by the couple, said they had agreed upon this form of death.

Mrs. Bernack, mother of five small children, died in a hospital last night, a few minutes after her husband, Frank, 30, swallowed poison from the same glass, the police reported. Doctors said Bernack will recover.

Bernack told officers he and his wife quarreled because he was earning so little money. She drank the poison before he could stop her, and impulsively, he finished the glass.

Kapcos and Hoffman were dependent on financial troubles. The former drank poison; the latter inhaled gas.

NIGHT WARDEN AT STATE PRISON DIES SUDDENLY SUNDAY

HUNTSVILLE, April 11.—(P)—Capt. H. J. Howard, 60, who was night warden of the state penitentiary here pulled the switch at many electrocutions, died suddenly yesterday after a stroke.

Howard never talked of his experiences. Sometimes he would say to newspapermen: "Boys, I don't mind what you say about the execution, except this—don't say who pulled the switch."

Returning from a fishing trip Saturday, Captain Howard telephoned he would report as he was slightly ill. He complained of illness after breakfast yesterday and went upstairs. An hour later a member of his family found him dead in his room.

A veteran of the Spanish-American war, Howard had been employed by the prison system ever since. When the electric chair was adopted as the mode of punishment he became night warden for under the law only the warden or his assistant could pull the switch.

T. T. Easley, a guard, was named night warden to succeed Howard.

Violence Again Marks Milk War Houston Area

HOUSTON, April 11.—(P)—The home of E. E. Stalones, manager of the Houston Producers' association, which is involved in a milk war with organized distributors here, was destroyed by fire early today.

Stalones said at noon an investigation led him to believe the fire was started by a bolt wrapped in gasoline-soaked rags. It was his theory, he added, the flaming object was tossed atop the roof by incendiaries, he said he found a bolt in the debris.

"We were asleep and the heat awakened us," he said. "We barely had time to escape from the house before the flames broke out. Officers went to Tomball, 32 miles away, where the house stood to investigate."

The house burned some 19 hours after 700 gallons of milk, bound for Houston distributors, opposed to the Producers' association, had been dumped into the road by masked men. Two trucks were halted, one driven by F. D. Franz and the other by T. A. Blinn and six of his deputies were patrolling the highways leading into Houston today to guard against further violence.

"I don't think any members of the association were responsible for the holdups," Stalones said. "We have encouraged our men not to do anything like that since the milk war started."

Stalones has been awfully quiet for the past week and I am sure if any uprising of that nature had been contemplated, we would have heard about it in some manner. If any of our men took part in the holdups, they were doing it on their own initiative, and strictly against our orders."

"Officials of the South Texas Producers' association will begin an investigation of our own men if any of our men are involved."

Final Conference On Mooney Pardon Application Held

SAN FRANCISCO, April 11.—(P)—Governor James Rolph, Jr., planned a final conference with Matt I. Sullivan today on the application of Tom Mooney for a pardon.

Sullivan, former state supreme court justice, has prepared a report and recommendation for the governor.

The application was presented Governor Rolph at a hearing in which Mayor James Walker of New York appeared as an attorney in behalf of the convicted San Francisco preparedness day bomber.

WEDDING OF BUSINESS AND ART SOUGHT IN HOLLYWOOD; SALARY CUTS MUST BE MADE

HOLLYWOOD, April 11.—(P)—The Screen Guild, recently organized medium for the wedding of business and art on a profit-sharing basis, raises its standard at a time when conditions in the motion picture industry are none too promising.

Yet this is the psychological moment for its birth, declares M. C. Levee, founder and head of the guild.

"There are two things vitally wrong with the picture business," he said. "One is the old idea of the figure of the industry—its executives, directors, writers, stars. The other is the over-capitalization of its theaters."

"Mike" Levee, 43, is direct and concise in speech. He makes no secret of the fact that he came from the clank-and-bustle business in Los Angeles to pictures.

It was to found the first commercial studio in Hollywood with a partner whom he later bought out, investing \$10,000, he made out in the state of California.

Malone, a member of the unincorporated New York delegation to the democratic national convention, would draft Mr. Young even against his wishes. He said in a statement issued last night, he believed Young could provide leadership of "economic intelligence, cultural background and imaginative statesmanship," necessary to meet the problems confronting the nation.

The New York delegate also would have Young and Garner, if nominated, announce before the campaign began that they would create a coalition cabinet in which a statement issued last night, he believed Young could provide leadership of "economic intelligence, cultural background and imaginative statesmanship," necessary to meet the problems confronting the nation.

He said in a statement issued last night, he believed Young could provide leadership of "economic intelligence, cultural background and imaginative statesmanship," necessary to meet the problems confronting the nation.

"A reduction of salaries is bound to come," he said. "It is among the stenographers and secretaries and office clerks. The thought among the top-notchers is not 'what am I worth?' but 'what am I getting?' They are afraid that if once they accept a salary cut, they will never be able to work back to their old figure. That's why we see people, accustomed to \$3,000 a week, remaining idle for months rather than work for \$1,500."

"That is one way the Screen Guild will serve. A director may be unwilling to accept a salary cut from his studio, but he will be glad to make a picture for the Guild on a profit-sharing basis, his salary to be determined by the actual worth of his product."

Writers, directors, stars, executives, directors, writers, stars. The other is the over-capitalization of its theaters."

STOCKS CONTINUE DOWNWARD TREND AT OPENING ON MONDAY

SENATE PROBE OF STOCK EXCHANGE MARKS RESUMPTION OF DECLINES

NEW YORK, April 11.—(P)—A fresh slump in the stock market was witnessed for a time by a brisk rise in the wheat market today, but the list wilted again in the late trading and closed feebly with numerous losses of 1 to more than 5 points.

The opening of the senate's inquiry into the stock market was accompanied today by a resumption of the withering and away of share values which was begun in almost uninterrupted progress five weeks.

Selling was not in particularly heavy volume and brokerage quarters generally said short selling was negligible, but steady liquidation fell on a feeble market. By early afternoon there were numerous losses of 1 to 5 points.

Utility, food shares, and miscellaneous industries were particularly weak. Detroit Edison dropped 5 and Consolidated Gas and Public Service of N. J. 3 points to new lows. Santa Fe and Union Pacific dropped more than 4 points.

General Motors sagged more than a point to a new bottom close to 11 and DuPont was carried down with it. U. S. Steel was off nearly 2 points, going fractionally below its previous inimum. American Can declined more than 2 points.

Bears who have been nervous about being called before the senate banking and currency committee and ordered publicly to reveal their positions in the market gained some comfort from the news that the committee would defer further investigation upon the completion of the examination of Richard Whitney, president of the exchange.

Curb Turned Heavy. NEW YORK, April 11.—(P)—The curb turned heavy today, with selling resumed in most departments of the market. Utilities, however, again were the chief sufferers.

Saturday's gains in many instances were more than erased and it was evident that improvement at the week-end had represented covering by nervous shorts.

Electric, food and drug shares reacted considerably and share reaction was more pronounced than in the earlier hours. Latest information on the holdings of this company's directors and executive officers showed they were the registered owners of 1,000 shares of common stock.

All members of the court were present. Claims were allowed except as noted on the claim docket.

The report for the P. and S. hospital was read and showed a deficit for March of \$397.80. The commissioners authorized J. M. Fulton to add to the fund for \$397.80 from the general fund to the hospital fund to care for the deficit.

Returns from school trustee elections received Monday morning included Chatfield, Rice, Lockhart, Westbrook, Bazzette, Independence, Long Prairie, McCord, Eureka, Providence, Pettys Chapel, Jones Rest, Emhouse, Cryer Creek, Oak Valley, Pickett, Angus, Navarro, Richland, Rushing, Union Seminary, Corbett, Bryan.

Carroll, Dresden, Purdon, Purley, Union High, Griffin, Spring Hill, Evans, and to men shot Jones Ranch, Emmett, McCord, Sessions, Currie, Alliance Hall, Phillips Chapel, Mt. Nebo, Finch, Bradley, Wilson, Ash Creek and Headquarters.

ALLISON SELECTED GARNER CHAIRMAN FOR ALL PRECINCTS

ACTIVE ORGANIZATION IN INTEREST DEMO SPEAK- ER TO BE PERFECTED

A. A. Allison, chairman for the Garner-for-President forces in Navarro county has selected precinct chairmen for every voting box in the county and has forwarded their names and addresses to the Garner headquarters in Dallas.

Mr. Allison in releasing the names of the precinct chairmen, stated that he had not had an opportunity of seeing each personally but that he felt all would be glad to serve as it was his opinion little if any opposition would be found in this county to Speaker Garner's candidacy for the presidency.

However, Mr. Allison said, a majority of those listed had pledged their support.

It was pointed out by Mr. Allison that the Garner forces would soon be organized in Navarro county and that every effort would be put forth to further the interest of Texas' native son.

Following is the list of Garner precinct chairmen as released for publication by Mr. Allison:

Ward 1—C. T. Kessinger.
Ward 2—John Murchison.
Ward 3—Rufus Hardy.
Ward 4—C. C. Roberts.
Ward 5—W. L. Bailey.
Ward 6—R. W. Varnell.
Blossing Grove 7—J. M. Reid.
Black Hills 8—O. B. Cook.
Bazette 9—E. F. Albritton.
Bridton 10—J. E. Steele.
Cade, 11—J. C. Harris.
Cryer Creek, 12—W. T. Arnett.
Chattfield, 13—J. R. Callaway.
Corbett, 14—D. F. Roman.
Dresden, 15—H. Colwell.
Dawson, 16—F. H. Butler.
Eureka, 17—W. D. Castles.
Zions Rest, 18—H. Travis.
Frost, 19—D. F. Cagle.
Kerens, 20—E. F. Noties.
Draas, 21—Joe T. Smith.
Emhouse, 22—J. M. Carroll.
Montfort, 23—R. F. Jones.
Mildred, 24—J. R. Bennetfield.
Navarro Mills, 25—Y. M. Lewis.
Oak Valley, 26—W. T. Allman.
Powell, 27—H. H. Hanks.
Pursley, 28—W. B. Payne.
Pettys Chapel, 29—H. L. Albritton.

Turdon, 30—Charles Boldin.
Richland, 31—H. C. Davis.
Currie, 32—E. B. Moore.
Rural Shade, 33—Joe Parker.
Roane, 34—E. F. Estes.
Rice, 35—M. S. Miles.
Navarro, 36—W. B. Middlebrooks.
Rushing, 37—W. R. Owens.
Spring Hill, 38—H. V. Matthews.
Tupelo, 39—Lon Warfield.
Winkler, 40—D. W. Clark.
Whites Chapel, 41—F. N. Drane.
Emmett, 42—M. W. Long.
Rodney, 43—L. A. Bennett.
Westbrook, 44—Tom Warren.
Eldorado, 45—H. S. Stockard.
Raleigh, 46—W. F. Favehouse.
Phillips Chapel, 47—Dave Vaughn.
Tretreat, 48—C. E. Livingston.

CARD OF THANKS.
We wish to express our appreciation and thanks for the kindness and thoughtfulness of our friends during our recent bereavement.

MRS. J. W. PATTISON
and Family.

Courthouse News

SLAUGHTER FARM HOME DESTROYED BY FIRE AT NIGHT

Fire of undetermined origin destroyed the large farm house of the W. E. Slaughter farm two miles east of Roane Saturday night at 11 o'clock with a loss estimated at \$4,000. All of the household effects of J. S. Frazier, tenant, were lost. Neither Mr. Slaughter or Mr. Frazier carried any insurance.

The house will be rebuilt immediately, Mr. Slaughter stated Monday morning.

The family had retired about 10 o'clock Saturday night and were awakened with the entire house in flames, barely escaping death and serious injury. Mr. Frazier was forced to jump through a window. It is thought the fire originated in the roof or attic.

FOR JUSTICE OF THE PEACE, PRECINCT 1, PLACE No. 1.

In another place in today's paper will be found the formal announcement of M. Bryant as a candidate for the office of Justice of the Peace, Precinct 1, Place No. 1, Navarro county, subject to the action of the democratic primaries.

Mr. Bryant is well known in Navarro county and the precinct in which he lives having been precinct chairman for the past ten years. For eighteen years he was in the employ of the Magnolia Petroleum company and at the present is conducting a small business on Corsicana Route No. 5, between Corsicana and Powell.

He has resided in Navarro county for thirty years and is a married man of family.

In making his announcement Mr. Bryant promises the voters should he be elected an economical and honest administration of the duties coming before the office, and assures the voters he will give untiringly of his efforts in dispatching all business of the office.

Thoroughly competent and known for his honesty and fair dealing his many friends feel Mr. Bryant should be given every consideration by the voters of precinct No. 1.

The influence and support of the voters of Precinct No. 1 are respectfully requested by Mr. Bryant.

Julian Again In Toils of Law In California

SAN FRANCISCO, April 11.—(AP)—San Francisco police today had been forced to relax in part an announced determination to keep in jail on technical non-bailable "holding charges" four persons, two of them widely known, who were arrested here Saturday night.

They released on bail C. C. Julian, Los Angeles and Oklahoma city oil promoter, and his secretary, Mrs. Juanita Campbell.

Frankie Foster, reputed Chicago gangster, and Edward Rollins, race horse man, were held.

The four were arrested in an apartment and booked as "en route to Los Angeles"—the technical charge which police contended was non-bailable—and as "1,000 vagrants."

Charles Dullea, captain of inspectors, said the four had been questioned concerning the \$100,000 jewel robbery of Bernard Ladd, New York jewelry salesman, Friday night.

Release of Julian and Mrs. Campbell came about midnight after Captain Dullea had refused to recognize a writ of habeas corpus. Later he agreed to dismiss the "en route" charges and the writ was withdrawn. Julian and Mrs. Campbell were released on bail of \$1,000 each and the vagrancy charges remained against them.

Unoccupied House Badly Damaged By Fire Saturday Night

Fire of unknown origin damaged a house belonging to A. J. Gafford about 11 o'clock Saturday night at 822 West Ninth avenue.

The loss was estimated at \$750 with \$1500 insurance by Fire Chief Elmer Keith. The house was untenanted.

A small blaze believed to have been started by a cigarette resulted in about \$3 or \$4 damage to a home at 1419 West Fourth avenue about 5 o'clock Sunday afternoon.

A blazing fire resulted in a run to 2529 West Ninth avenue about 7 o'clock Sunday night. No damage was done.

Thousands Singers Expected To Attend State Home Singing

Several thousand singers from Navarro, Henderson, Van Zandt, Dallas and other sections of East-Central Texas are expected to be on hand at the Navarro County Singing convention meeting to be held at the State Home here Saturday night and all day Sunday.

J. O. Sessions, Bazette, county commissioner, and president of the convention, announced here Monday morning.

Harold Blankenship of Petty's Chapel is secretary of the convention.

REPORT ON TEXAS TAXES AND WHERE THEY ARE SPENT

Interesting figures on taxes and their distribution in the Texas government are contained in a recent issue of the Texas Tax Journal.

The total revenue receipts are reported at \$108,240,357.44. The largest single item in the table showing the expenditures the past year by the state government was for Highways—\$41,980,256.74, while educational support of free schools was second, \$30,750,391.90.

Eleemosynary and correctional institutions cost \$6,991,791.74, pensions amount to \$3,600,828.75 and higher education costs \$9,334,032.80.

The total cost of operating the state government is listed at \$101,164,453.45. The legislative branch cost \$707,321.03, and the judiciary, \$2,721,340.39. Executive and administrative department cost \$1,049,232.02 while military and law enforcement was listed at \$540,739.

In the state income table, the largest single item is the gasoline tax of \$32,993,614.17, followed by county, federal and other aid—\$23,635,152.69 and the ad valorem tax of \$22,189,612.24.

Widow of Candidate County Treasurer Is Filed As Candidate

Mrs. Walter Griffith of Barry has filed her formal application as a candidate for the office of county treasurer, subject to the action of the democratic primaries. The application was filed in the Navarro county democratic executive committee headquarters Saturday.

Mr. Griffith is the widow of Rev. Walter Griffith who recently died as a result of injuries received when he was struck by an automobile several miles north of Corsicana. Rev. Mr. Griffith was a superannuated Methodist minister and was a candidate for county treasurer at the time of his death.
